MOUNTAIN BREAKFAST

This very special culinary experience, which takes place in the morning and enables splendid 360 degree panoramic views, is offered by over 31 rustic huts and mountain inns, accessible by the summer lifts. Every hut serves its own specialties that make breakfast unique: from a "classic" breakfast, savoury with bacon and eggs or sweet with jam and honey, to a traditional white sausage or "hunter's" breakfast - each hut tries to create breakfast with its own distinct taste and style.
